Author of *The Digital Principal*
@JanetteMHughes

An institute for school leaders to

- learn from practising principal and vice-principal experts who will deliver a comprehensive selection of sessions
- build leadership capacity as digital leaders to enhance learning and collaboration
- clarify and bring coherence to 21st century learning
- define their role as lead learners in supporting innovation, creativity and technology integration
- explore new pedagogy, technology and impacts on student achievement
- collaborate and co-learn with other administrators
- interact and engage with innovative technology that enhances learning and leading practices
- explore alignment of the Ontario Leadership Framework and the International Standards for Technology Education for Administrators
- focus on digital leadership and 21st century pedagogical practices, assessments and competencies and
- participate in authentic technology-enabled learning and leading applications.

**FREE
REGISTRATION**

Participants will receive free registration and reimbursement for eligible travel expenses. For those participants living over 100 km from the institute, hotel accommodation will be provided.
