

The **Principal** Profile

We want to introduce you to one of your local public school vice-principals. Learn more about their role and responsibilities.

Meet Tara Reid

Vice-principal at Centennial Secondary School
Hastings and Prince Edward District School Board

How do you support student success through both a mental health and academic lens?

“ Relationships are key. Working with teachers, students and families to listen, collaborate and support student success through both a mental health and academic lens has been a balancing act throughout the pandemic. Showing care and kindness to support well-being is the foundation for success, helping students to focus on learning and meet their potential. ”
