Aneta Fishman

Principal, Baythorn Public School
York Region District School Board

How does the integrated arts program in your school assist student learning and achievement?

“ The Arts@Baythorn program integrates dance, drama, music & visual arts into other subjects to deepen understandings, increase engagement and build confidence in students. By learning collaboratively and expressing ideas through multiple artistic forms, students develop key skills such as critical thinking, creativity, communication and collaboration, strengthening their academic achievement and growth as learners. ”
