

The **Principal Profile**

Julie Savard

Vice-principal, Wilton Grove PS
Thames Valley District School Board

How do you help newcomer students from various backgrounds feel welcome and engaged at school?

“ We help newcomer students feel welcome and engaged by recognizing, honouring and meeting their needs; connecting families to school and community resources; providing access to language supports through interpreter services and in-class supports; and guiding families in navigating the school system. We also build capacity in our staff to meet the unique needs of newcoming families. ”
