

The **Principal Profile**

Stephen Louca

Principal, Aldergrove Public School
York Region District School Board

What does successful student learning look like to you?

“ Successful student learning occurs when every learner feels a sense of belonging, sees their identity reflected in the classroom and is engaged in meaningful, rigorous learning that builds **confidence, curiosity and critical thinking**. It's evident when students take ownership of their growth and leave school ready to contribute positively to their communities and beyond. ”
