

Statement – Tumbler Ridge Secondary School

February 11, 2026

We are deeply saddened and shaken by the tragic shooting at Tumbler Ridge Secondary School in British Columbia.

As fellow educators and school leaders, our thoughts are with the families, staff, students and broader community who have been affected by this devastating act of violence. Schools are places of safety, learning and belonging. When violence occurs in a school community, it is felt beyond its borders, leaving lasting psychological, emotional and social impacts on students, families, educators and communities.

We extend our sincere condolences to all those affected and hold the Tumbler Ridge community in our thoughts as they navigate the difficult days ahead.
